The Charter Election To-day.

Our Charter Election, for City and Ward Officers, comes off *to day*. The Polls will be open from 9 o'clock A. M. till 4 P. M. The places for holding the polls and the names of the different candidates, so far as we know them, will be found in this paper. Every tax-payer and every resident of our city, entitled to vote at this election, ought to exercise that right. We urge our readers, therefore, *one and all*, to compare the claims and qualifications of the various candidates, go to the polls, and vote for those whom they may think best fitted for the respective offices. There are good men in nomination, both on the Democratic and on the People's ticket. Look at the lists; weigh well the opposing candidates, and *vote for the best men*. Be sure, at least, to *go to the polls* and VOTE!

Chief Justice of the Supreme Court.

Whatever else is done or left undone to-day, we trust that no voter in the State will fail to do his duty in relation to the election of Chief Justice of the Supreme Court. If the people of Wisconsin express by their votes to-day their real sentiments on this question, Judge WHITON will be, as he ought to be, re-elected by a large majority.

We confess to some degree of anxiety in relation to this subject. Not that we have any doubt of Judge WHITON's re-election; but we are anxious that the expression in his favor should be an emphatic one, and show not only that the people of Wisconsin are satisfied with the course of EDWARD V. WHITON, as an able, upright, impartial Judge, but that they are in earnest in sustaining him, as the presiding officer of the highest Court in the State, in matters upon which that Court has been called upon to take decided ground, and upon which the Court has entitled itself to the thanks and the admiration of the friends of Freedom, Equality, and State Sovereignty throughout the country.

It is no time now, when the Federal Supreme Court has degraded itself to the position of a mere mouth-piece of the Slavery Propaganda, going out of its way to uphold human slavery, and not scrupling to ignore historical facts, and the dearest rights of man, in registering the edicts of its masters, to shrink back from the contest. We believe that the people of this State are ready for this contest, and that the excellent and eminent Chief Justice will retain the seat upon the bench which he has graced well. But let every man who loves his State—who love the principles of Freedom, Justice, and Humanity—see that Judge WHITON has his vote not only, but the vote of every man whom he can influence. We should not be content with less than 20,000 majority, and it ought to be larger.

The County Judgeship.

Two Candidates are presented to-day for the suffrages of the Electors of our City and County, for the very important office of County and Probate Judge. One of these, JOHN L. DORAN, is the nominee of a fractional Democratic Convention; the other, BYRON PAINE, the present incumbent of the office, has been called out by a mass meeting of his fellow-citizens, without distinction of party. Every man who knows BYRON PAINE, knows him to be scrupulously honest, and in every respect qualified for the office of County Judge. He has discharged its duties, for a year past, to the entire acceptation of the public.—We trust, therefore, that all who appreciate the *vital* importance of committing this office to able, experienced and trust-worthy hands, will vote, to-day, with one accord for BYRON PAINE.

ALBERT SMITH, Esq., a gentleman abundantly capable of filling the office well, who was called out by a long list of our citizens, has withdrawn from the field, so that the choice is between MR. PAINE and MR. DORAN.

Penalties for Illegal Voting, &c.

See, at the foot of the first column, an abstract of the penalties under the new Election LAW, in force to-day.

MEETING AT MARKET HALL.

More Candidates in the Field.

The seceders from the Democratic Convention of Saturday, and other citizens, to the number of several hundred, met in Market Hall, yesterday morning, to take action in regard to a new ticket. The meeting called at the Court House, about the same time, was not held, the Court House being required by the County Court; and those who had gone up there, adjourning to the Market House.

The meeting being organized by the appointment of SIMON LEVY, as President, and JOHN THOMSEN, as Vice President, a Committee of two from each Ward was appointed to nominate candidates for City offices and County Judge.—The Committee, after retiring, submitted the following ticket:

For Mayor—JAMES B. CROSS.
For Treasurer—HERMAN SCHWARTING.
For Marshal—CHARLES C. MEYER.
For Comptroller—E. L. H. GARDINER.
For Attorney—ERASTUS FOOTE.
For Police Justice—CLINTON WALWORTH.
For County Judge—BYRON PAINE.

The nominations, having been separately submitted, were adopted by the meeting.

MR. SAMUEL S. FOOTE, from a Committee appointed for the purpose, submitted a series of resolutions which were unanimously adopted.

The Convention then adjourned.

FROM THE NORTH—ICE STILL FIRM.—We saw a private letter yesterday, to Mr. H. LUDINGTON, of this city, dated Little Bay de Noquet, March 28th, which stated that the ice thereabouts was several feet thick and very firm, and that there was no probability of navigation opening much before the 1st of May. It is not likely that the Straits of Mackinaw will open much sooner than the Bay.

HORICON R. R. Co.—The Milwaukee and Horicon R. R. Co, advertise to-day for proposals for the construction of their road from Berlin to the Wisconsin River. Contractors will do well to look to it. The Company is in a first rate condition, and able to fulfil all contracts promptly.

CROWDING TO KANSAS.—The Buffalo *Commercial*, of the 3d, says, the New York mail train, on the Central Road, arrived an hour behind time yesterday morning, with four car loads of Kansas emigrants. They hail from Springfield, Worcester and Palmer, Mass. The train went, on the State Line, waited for their arrival and took them on their way directly."

The seven o'clock train on that road, the same day, took another party, also bound for Kansas, numbering forty-eight. This party had made their rendezvous and purchased their tickets in Buffalo.

NEWSPAPER CHANGE.—The Beloit *Herald* has passed into the hands of DELORMA BROOKS and D. PERCY HICKLING, and has run up the colors of Buchanan and sham Democracy. It was heretofore neutral, though with a strong leaning Border-Ruffian wise.

☞ The Albany *Knickerbocker* says that the loss to the People's Line of steamers, by the disaster which befel the "Isaac Newton", will be fully $100,000.

A SPLENDID GIFT WELL BESTOWED.—Ex-Governor Farewell has donated the "Museum" property, a large and rare collection of natural curiosities, to the State University. It will now be cared for and preserved as an ornament and interesting feature of that institution.—*Madison Democrat.*

Prairie du Chien—Western terminus of the Mil. & Miss. R. R.

A brief visit to Prairie du Chien enables us to give our readers some more definite idea of that place than many of them now have, although the *name* of the town has been familiar to us all for years past, as the future western terminus of the Milwaukee and Mississippi R. R. Aside from this, too, the town, having had a long and dreamy existence, with a sleep of late as deep as that of the famous seven sleepers, has been more or less talked of for a hundred years.

The near approach of the railroad, the music of whose engines can now be heard from the nearest side of the prairie when the wind is favorable, has infused new life into the old town, and lots and blocks have been at a premium for a year past. The railroad is, indeed, the one thing needful to Prairie du Chien. The situation is a charming one for a town. The elevated prairie, from one to three miles wide, and stretching for some six or seven miles along the river under the lofty bluffs, is the very site which one would select for a great town, and quick and easy communication with the East must make it such. Away beyond it, in Iowa and Minnesota, is a fertile region which busy hands are filling up rapidly with all the appliances of civilization, and those hands must be provided with the usual tools for their work, and these must come from the Eastward. Prairie du Chien can furnish a large portion of these. It can build up wholesale houses, whose business would be immense. It can build up foundries and machine-shops, whose range for trade would be unlimited.

The business, for the long past years, has been done in what is now called the "Upper Town," while the railroad depots and buildings are below, and here is growing up what is known as the "Lower Town." There is a certain degree of rivalry between these portions of the village now, which ought to be nothing but emulation. Let but the strength of the whole people be united, and in three years' time, a town might be built up here which would be *one*, and know no more of "upper" and "lower" town than of the two ends of a street. The old garrison buildings of Fort Crawford interpose themselves about half way between the two ends, lying rather nearer the upper town, and are a decided nuisance—in this respect—that they are fast going to ruin, and doing nobody any good, except that they furnish lodgings to a large number of people who would otherwise be obliged to live out of doors; while the reservation thus held by Uncle Sam (or at present by private parties who have dispossessed him under a decision of the Circuit Court,) effectually prevents a union of the two portions of the village.

The site of the old fort is a magnificent one indeed, and the ridge upon which it stands, if crowned with good buildings, would present a very attractive appearance. But the prairie furnishes innumerable fine sites for dwellings.

There are a good many buildings under way, among them being several blocks of three story brick stores. Good stone for building purposes is close at hand. Brick of a good quality is manufactured within the village, but is held at a pretty high figure. Lumber is dear, and must be so till some enterprising men make contracts for their supplies in the up-river pineries. Indeed it is probable that lumber could be carried to Prairie du Chien from Milwaukee by railroad to advantage.

Dwellings are in great demand, and persons who go to this old town, now renewing its youth, must make up their minds to submit to inconveniences till they can erect shelters for themselves and their families. Building lots are not as dear as in many of the new towns in the west, though they are fast increasing in value. Mechanics are very much wanted.

The Railroad Company is getting on rapidly with its capacious ware-house, 400 feet by 50.—The foundation and first story are of stone, the river side wall being three feet thick. The massive frame for the upper story is ready in this city, to be forwarded by railroad as soon as the track reaches the river; and the stone round house, for twelve engines, is ready for the roof.

We think that there can be no doubt that the Mil. & Miss. R. R. will reach its Depot in Prairie du Chien by, or before the 15th inst., and a great rush of business awaits it. This great enterprize will then vindicate itself from the assaults of the bears and other savage animals of Wall street, and its stock will rise rapidly to a par with the best roads in the country. It is a thousand pities that the track is not already completed, so that the road might take the first swell of the spring trade; but it will be completed in time to bring over the first goods coming around by Mackinaw.

Just opposite Prairie du Chien, in Iowa, is the smart and rapidly growing town of McGregor, where already a very large trade is built up, and where immense quantities of goods are landed, to be distributed into the back country. From this point, the McGregor, St. Peters & Missouri R. R., now under contract, is to be speedily built, and stretching away westward, to form a practical extension of, and connection with, the Milwaukee & Mississippi R. R, giving the merchants of this city the command of a vast and rapidly increasing trade, and furnishing to the people of central and northern Iowa, the shortest route to the East.

Portage City.

Correspondence of the Milwaukee Daily Sentinel.

PORTAGE CITY, April 4th, 1857.

Messrs. Editors:—"Hard times" appears to be an epidemic the country over; after leaving Milwaukee, as far as I have journeyed over the State, I have found the same disease almost universally prevailing; of course business sympathizes with such a condition, and is more or less depressed; there are fewer movements in real estate, less building, less speculating, less prospecting, and less travel.

In many places money is so tight that all classes feel the stringency severely, and traders and business men generally hold their countenances down.

Having been stopping here a few days, I find more evidence of thrift and activity, than at any point since leaving the Lake shore.

The streets are crowded with teams, the shops and stores buzzing with customers, the hotels running over and crammed with strangers, and everything here looks as if it meant to prosper.

The cars make regular trips twice a day, and the freight business is already so extensive, that the company need three warehouses, in addition to their present accommodations, to do the business. The passenger trains are not so crowded as they will be later in the month, but there is a large amount of travel on the road already.

A Railroad is a great institution, decidedly; and by and by—only a little over a year—when Portage gets one running in from Madison, and another from Columbus—and then, in a little time more, one also from Stevens Point—it *must* command and control an astonishing amount of business, and become a place of vast importance; preparations are being made to expect it; the hotels are being enlarged, and furnished commodiously; boarding houses are being opened; lots leased or bought, on which to erect new places of business, and everything seems merry as a marriage bell.

I notice, *en passant*, that the great complaint is a want of dwelling houses; they tell me that two hundred houses would find readily good tenants, with the rent paid in advance; but everybody is too busy to build houses, or they lack the necessary means to engage in the enterprise. Capitalists at the East, or men of easy means in other parts of the State, could scarcely do better than to come here, and invest their money in good, comfortable, cheap dwelling houses, the cost of which would not exceed $600 each. Mechanics of moderate means, could most safely and advantageously invest a little money and a little labor, in a few houses, and make it pay them handsomely.

The Wisconsin River is rising rapidly; several rafts of lumber passed here yesterday, and in ten days, the river will be covered with the Winter's work of some 7000 pinery men.

Milwaukee doubtless realizes her intimate relation to all this region of country, and is reaching out her arms to gather in the harvest.

Robert J. Walker's Acceptance.

We copy below Mr. Walker's acceptance of the post of Governor of Kansas. It is very solemn, very conceited, very full of very large promises, and all that, but the past history of the writer does not create any great amount of confidence in the promises, or belief in the sincerity of any portion of the document. We shall be ready enough to give Governor Walker credit for any good that he accomplishes, but we assuredly do not expect any. It may be, however, that to save the northern democracy from annihilation, there will be some show of fairness towards the free-state men:

Washington, March 30, 1857.

James Buchanan, President of the United States:

My Dear Sir:—I have, at your request, reconsidered my determination, as announced to you, declining your tender of the office of Governor of the Territory of Kansas. In view of the opinion now presented by you, that the safety of the Union may depend upon the selection of the individual to whom shall be assigned the task of settling the difficulties which again surround the Kansas question, I have concluded that a solemn sense of duty to my country requires me to accept this position. I am brought to this conclusion with an unaffected diffidence in my own ability, but with a fervent hope that the same overruling Providence which has carried my beloved country through so many perils, will now attend and direct my humble efforts for her welfare, and that my course will not be prejudged by any portion of my fellow citizens in or out of Kansas.

I understand that you and all your Cabinet cordially concur in the opinion expressed by me that the actual *bona fide* residents of the Territory, by a fair and regular vote, unaffected by fraud or violence, must be permitted, in adopting their State Constitution, to decide for themselves what shall be their social institutions. This is the great fundamental principle of the act of Congress organizing that Territory, affirmed by the recent decision of the Supreme Court of the United States, and in accordance with the views uniformly entertained and expressed by me throughout my public career.

I contemplate a peaceful settlement of this question by an appeal to the intelligence and patriotism of the whole people of Kansas, who should all participate freely and fully in this decision; and by a majority of whose vote the decision must be made, as the only proper and constitutional mode of adjustment. I contemplate no appeal to military power, in the hope that my countrymen of Kansas, from every section, will submit to a decision of this matter by a full and fair vote of a majority of the people.

I will go, then, and endeavor thus to adjust these difficulties, in the full confidence, so strongly expressed by you, that I will be sustained by all your own high authority, with the cordial cooperation of all your cabinet.

Very respectfully, your friend,
R. J. WALKER.

Chicago Regatta Association.

Resolved, That a Regatta be held at Chicago on the 4th July, 1857, open to the Boat Clubs of all the States bordering on the Great Lakes—and that a committee be appointed to prepare rules, &c., for its government—which rules and regulations will be published as soon as decided upon.

H. L. WAIT, Sec'y. C. R. A.

Chicago, April 4, 1857.

Wisconsin Farmers & Mechanics' Club.

At a meeting of the Wisconsin Farmers' and Mechanics' Club, held pursuant to adjournment at the office of S. B. Newcomb & Co, in this village, on Wednesday, April 1st, 1857, J. Carpenter, Esq., was called to the Chair, *pro tem.*, and S. B. Newcomb was appointed Secretary.

The Minutes of the last meeting were read by the Secretary.

The Chairman announced that the next business in order would be Reports of Committees.

P. Cravath, Esq., from the Committee on By-Laws, submitted a draft of the same.

On motion, the Report of the Committee was accepted.

Mr. Starin suggested that there were several gentlemen present, wishing to subscribe, who were not at the last meeting, and asked that an opportunity be given them. Whereupon a number of gentleman came forward and subscribed for stock.

The Report of the Committee on Stock Subscriptions having been called for, Mr. Newcomb, on the part of the Committee, reported that forty-five shares had been taken since the last meeting.

The Club then proceeded to the consideration of the By-Laws, by sections:

On motion, after careful consideration of the By-Laws, they were adopted.

On motion, the meeting proceeded to ballot for three Inspectors of Election, when Messrs. Rice, Pratt and Starin were elected such Inspectors.

The meeting then proceeded to elect a Board of nine Directors for the ensuing fiscal year.

FIRE!—The gallant Fireman of Madison held their first public parade this afternoon, to test the powers of their new engines. The Band was out with them; and, of course, there was a great excitement among the boys. Accompanied by a large crowd of spectators, the two companies, neatly uniformed, proceeded to Lake Monona, below the Lake House, and there tested the powers of their respective "masheens" in the midst of a crowd and a rain storm.

The engines are certainly very handsome machines, powerful and easily worked. They performed admirably; and, when the firemen have had a little more practice, will do credit to any place. Of the firemen themselves, we can only say that a finer set of noble fellows never went down on the brakes, or danced the Fireman's Cotillion. Their uniform is tasty and neat, and their appearance every way equal to that of any fire company in the State; and when there is need of their services we make no doubt that they will be rendered as promptly, judiciously and successfully as ever firemen did their duty. Three cheers for our Fire Department.—*Madison Journal.*

KILBOURN CITY.—Kilbourn City is wide awake. Two or three hundred hands are grading the Railroad between here and Lone Rock; workmen's shanties are up or going up in various directions; ten or a dozen hands are blasting rocks near by and preparing them for the Railroad Bridge piers; teams are passing in various directions with loading, generally of lumber, stone or sand; Messrs. Bailey & Vliet have a large force on their Block of Stores, pushing it as fast as possible; two or three houses have just been raised, and others are in preparation; Mr. Dwyee, from Delton is putting up a store, and is going to fill it with goods as soon as he can get it ready; persons are almost daily trying to get some place to live here; and all this is but a sprinkling to what we expect as soon as the weather and ground become settled, and we get a plenty of lumber here. Come along; Kilbourn City is large enough for all.—*Mirror.*

—Twenty five years ago Miles Greenwood went to Cincinnati a poor man, and started a blacksmith shop in the outskirts of the town. He now employs 450 men, pays $3,000 per week for wages, affords support to 1,200 persons, and turns out $600,000 worth of work annually. Last week he gave a grand feast to his people, to celebrate the quarter century.

SUB-LET.—We learn that Messrs. Chamberlain & Co., have sub-let the grading of twenty miles of the Railroad west of the river at this place, to Dean, Butcher & Co. The grading will be commenced soon.—*Kilbourn City Mirror.*

A RAILROAD IN CHANCERY—STRIKE OF ENGINEERS AND OPERATIVES—EMBARGO ON THE TRAINS.

—The Canandaigua and Niagara Falls Railroad Co. has for some time been in a bad way, financially. The Road does not pay running expenses, and consequently there are no funds to meet constantly accruing obligations—Engineers, firemen, conductors, brakemen, trackmen, &c., have been unable to get their pay regularly, and of course have felt disposed to regard themselves as not very well treated people. They have continued to serve the Company, however, until the present week, in expectation of getting their dues at some time. Last week their January wages were paid up. Seeing that matters became worse rather than better, they resolved upon a grand stroke to compel the payment of what is due them. One day when the trains arrived at the Falls, the engines were put into the engine houses, one after the other, and the doors closed. When the time came for trains to depart, there were no engines ready to draw them; and no one was permitted to take them out, the engineers and firemen standing sentry at the doors, and forbidding the iron horses to emerge.

The directors made a proposition to settle with the engine drivers and firemen, and pay back wages; but these made common cause with the other employees, and rejected the overture. On Thursday, a train arrived at Canandaigua from Elmira, having some sixty passengers destined for the Falls, who had paid through. The engineer and conductor were induced to take their train through. When they arrived at the Falls, the engine was put into the engine house with the others, and not allowed to return. The men who had taken the train on, returned via the Central road to Canandaigua. In this condition things have remained since Wednesday last. It is doubtful whether the Road will ever pay expenses; but it is an accommodation to the section of the country through which it passes, and may be put in operation again.

The Canandaigua and Elmira Road, with which it connects, is in pretty nearly as bad a state, and is to be sold under the hammer on the 16th of April next. Perhaps the Western end might as well come to the block also.—*Rochester Democrat.*

DIED.

In Washington, D. C., April 2d, WILLIAM B. DRAPER, of Milwaukee, Wis., aged 25 years, youngest son of the late Henry Draper, of Rochester, N. Y.

MR. DRAPER, during a residence of some years in this city, while connected with the Telegraph office, won for himself a great many warm friends, who parted with him with regret when he left in the expedition to Japan, commanded by Com. Perry, in which he had charge of the telegraphic line and instruments, sent out by the U. S. Government as presents to the Emperor. He made himself useful as an assistant, and agreeable as a friend while on board, and his conduct while in Japan caused him to be regarded with great respect by the dignitaries with whom he had intercourse, and who made him many valuable presents. These were, as usual, detained by Government on his return, and placed in the collection at Washington. Returning to this State, Mr. Draper was, for some time, in charge of the telegraph office at Madison, from which place he went to Washington, to endeavor to obtain the consent of government to restore to him the presents which were given to him by the Japanese officials, and also to obtain compensation for services. While there he was struck down with paralysis. His remains were taken to Rochester N. Y.—His mother left here a few days since to meet them and place them in Mount Hope Cemetery.

At Pardeeville, Columbia Co., Wis., on the 3d day of April, A. BRADFORD JOHNSON, aged 19 years and 7 months.

The friends of the family are invited to attend the funeral services from the house of S. C. West, Spring St., Milwaukee, this (Tuesday) morning, at 10 o'clock.

POLICE COURT: APRIL 6.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

"PROFESSOR ANDERSON" AGAIN.—William Anderson, a black man who pretends to be a negro lecturer and Methodist minister, and who gets drunk frequently, was brought up for the second time for being drunk and disorderly, and fined $25 or 50 days imprisonment, with intimation from the Court that if the "Professor" was found here in the city after the expiration of 3 hours, he would have either to pay the fine or go to jail for the 50 days. The "Professor," "under dem circumstances was willing to take de city directly," and left the Court for that purpose.

RODDERY IN A HOUSE OF ILL FAME.—A prostitute named Mary Ann Fuller, was brought down from jail, charged with having robbed a man named John Leight of $60 on the first of April, in a house of ill fame. The defendant waived an examination, and was committed for trial; in default of $350 bail, she was remanded to jail to await the sitting of the Circuit Court. Another prostitute named Emma Snow, was placed under bonds of $50 to appear as a witness for the State, and in default was sent to jail. The complainant was also placed under bonds of $200 to appear and prosecute; he gave the bail and was discharged.

C. H. Horton and Michael Roland were each fined $1 for being drunk.

George Matthews, drunk and disorderly, fined $2.

Michael Kelly, drunk and disorderly, fined $5.

Nicholas Tiss, driving on side-walk, fined $1.

"Shut To-day."

These memorable words that head this article—in themselves a peace proclamation—more powerful for the preservation of order and quiet on election day than any police force—these words, "SHUT TO-DAY"—we hope to see this day on the outer side of each and every Saloon and Bar Room in this city.

Messrs. Best & Co., at certainly a great pecuniary loss to themselves, were the first to lead off, voluntarily, in the closing of their Beer Halls on election day, and keeping them shut until after the polls were closed. It had much to do with establishing for Milwaukee an enviable reputation for peace and quietness on election day. All will agree that it was the *best* plan ever yet adopted to preserve order. While riots, strife, bloodshed and murder have disgraced many neighboring cities upon their election days, the election days of Milwaukee, with but very rare exceptions, have passed like her Firemen's reviews, or her great fires, *free from riot, strife or even discord. Let to-day* be another proof of the prevailing good order and peaceful character of our city, and let the Saloons and Beer Halls be SHUT TO-DAY.

Order at the Polls.

There will be a strong Police Force stationed at each of the "Polls" during this day; and while we trust and hope that the Police may have no other employment than that of merely looking on at the election, we also hope they will not shrink from doing their duty, but preserve order *at all hazards*. We hope the first man who attempts a breach of the peace may be promptly arrested, no matter what his politics; and further, we trust that any and every citizen, when called upon to assist the Police, will at once do so. The Police should be firmly supported in the execution of their duty; peace and order should be maintained, that every one may vote as he thinks proper, unmolested. The way to and from the Polls should be kept clear. With firmness, all will be quiet, and we shall be able with pleasure to record another to the many peaceable election days in Milwaukee.

Meeting of the Board of Trade.

A meeting of the Board of Trade is to be held at the rooms in the Newhall House, this evening at 7 o'clock, when business of importance to the interests of the city will be brought before the Board for consideration, and it is desirable that as full an attendance as possible may be had.

We trust that every member will make his arrangements to be present.

MILWAUKEE LIGHT GUARD.—The final steps for organizing the Milwaukee Light Guard, as a Battalion, were adopted a few days since, and the election for Field and Staff officers, was held last evening, with the following result:

Major—SOPHUS KING.
Paymaster—F. B. MILES.
Surgeon—LEWIS MCKNIGHT.
Commissary—JOHN M. DURAND.
Quartermaster—JOHN NAGLE, JR.
Chaplain—REV. J. P. T. INGRAHAM.

The following appointments were announced:

Adjutant—JOHN L. RATHBONE.
Sergeant Major—GEORGE A. WETHERBEE.
Quartermaster Sergeant—GEORGE K. KIMBALL.
Color Sergeant—WALTER S. CHANDLER.
Color Corporals—CHARLES H. TOWNSEND, THEO. D. CLARK, E. N. HURD, E. H. MARTIN, C. F. HWEITZ.

JOHN C. STARKWEATHER was elected Captain of Company "A," vice SOPHUS KING, elected Major of the Battalion.

An Improvement in Steam Engines.

On Saturday afternoon we stepped into the Eagle Steam Foundry of Messrs. TEFFTON & SHOCKEN, on West Water Street, to witness the operations of a new oscillating Steam Engine, manufactured by them, under the supervision of their foreman, Mr. COLMAN, who has made a great improvement on the oscillating Engine; which, however, is much more easily understood than explained; and we would advise mechanics, and those who may be about to purchase an Engine to step into the above place and take a view of this beautiful and simple piece of machinery, as it will be in operation in their machine shop for about a week. This is the first Engine of the kind ever manufactured in this State, and, we think, for economy, simplicity and utility, it is superior to anything of the kind that we have ever seen.

This Engine was driving the whole machinery of the Foundry and Machine Shop, which is one of the largest in the city, and requires from fourteen to twenty horse power, and the whole space occupied by the engine and boiler is but eighteen square feet! This kind of Engine is peculiarly adapted to pile driving machines, dredges &c., as the action can be reversed almost instantaneously. But we have not yet mentioned one of its most important features—that is its cheapness. Although capable of doing as much or more than any other kind of Engine, with less repairing, its cost is less than one *half the usual price!*

We have from H. HENRSDALL, successor to ANDR BALD WILSON, the March and April numbers of this series of story books for boys and girls, which the Harpers have been publishing for more than two years. They are prepared with great care—the stories are told in simple language, and they are beautifully illustrated, giving the children not only much useful knowledge, but arousing and fostering a love for the beautiful.

CONGREGATIONAL HYMN AND TUNE BOOK; Published for the CONGREGATIONAL ASSOCIATION by DORSEY & PECK, New Haven; MASON BROTHERS, N. Y.

HENRSDALL has also received a supply of this new book, prepared with great care to meet the growing desire to bring about such a change in churches as will unite the whole congregation in singing instead of—as it was expressed by a pastor of this city some years since—"praising God by committee." The book contains a large collection of tunes adapted for congregational singing, with several hymns printed upon the same page with the music, and is of a convenient size for use. The doxology appropriate for use with the hymn is printed between the lines of the music, so as to avoid the necessity of turning over leaves to find it.

REAL ESTATE OFFICE.—MR. CHAS. CLARK, who has been our neighbor in the same building for some time past, has removed his office to commodious quarters on Michigan St., in the basement of the Newhall House, where he is ready to wait upon persons who wish to buy or sell real estate. His list appears in our advertising columns to-day.

For the Sentinel.

A "Wall Street" Already

Messrs. Editors:—The "old residents" who has five different articles about Michigan Street, in the *Sentinel* of Monday, April 6th, is not posted.

He had better take up the map of our city and become familiar with it, and he will find the name of *Wall Street* (named after me) in that beautiful and thriving part of our city, Plankinton's Addition. I myself object very much to changing the name of Michigan Street to Wall Street; for if it was done, the Wall Street of Plankinton's Addition would have to be changed, as it will not answer to have two Wall Streets in Milwaukee, and my preference is for Plankinton's Addition. I hope, therefore, that "old Resident" will not feel uneasy, for I love old names. CALEB WALL.

MILWAUKEE, April 6th, 1857.

☞ By reference to our advertising columns it will be seen that Messrs GODDE & WALL hold their first auction sale to-morrow morning, at their office on Michigan street.

Public sales of real estate have, for some years past, been viewed with much favor in Chicago, New York and other cities; and where the public feel confidence in the fairness of the bidding, they are well calculated to meet the views of both sellers and buyers.

The mode adopted by Messrs. O. & W. of starting the lots at a price which the owner is willing to take, and their assurances that they will countenance no bye-bidding, serve to furnish a guarantee that property offered by them will be sold without reserve to the highest bidder. If this course is persevered in, we have little doubt that these public sales will become favorite resorts of those desiring to purchase.

☞ We are requested to state, for the information of those who may desire to be present at the Harmonist Festival, at Young's Hall, on Wednesday evening of this week, that Mr. S. J. FINNEY and other gentlemen from abroad will be present, and that short addresses on a variety of topics may be expected.

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. PIERCE & Co. had failed—that no more R. W. PIERCE'S matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

POLICE COURT, APRIL 6.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

"PROFESSOR ANDERSON" AGAIN.—William Anderson, a black man who pretends to be a negro lecturer and Methodist minister, and who gets drunk frequently, was brought up for the second time for being drunk and disorderly, and fined $25 or 50 days imprisonment, with intimation from the Court that if the "Professor" was found here in the city after the expiration of 3 hours, he would have either to pay the fine or go to jail for the 50 days. The "Professor," "under dem circumstances was willing to take de city directly," and left the Court for that purpose.

ROBBERY IN A HOUSE OF ILL FAME.—A prostitute named Mary Ann Fuller, was brought down from jail, charged with having robbed a man named John Leight of $60 on the first of April, in a house of ill fame. The defendant waived an examination, and was committed for trial; in default of $350 bail, she was remanded to jail to await the sitting of the Circuit Court. Another prostitute named Emma Snow, was placed under bonds of $50 to appear as a witness for the State, and in default was sent to jail. The complainant was also placed under bonds of $300 to appear and prosecute; he gave the bail and was discharged.

C. H. Horton and Michael Roland were each fined $1 for being drunk.

George Matthews, drunk and disorderly, fined $2.

Michael Kelly, drunk and disorderly, fined $5..

Nicholas Tiss, driving on side-walk, fined $1.

"Shut To-day."

These memorable words than head this article—in themselves a peace proclamation—more powerful for the preservation of order and quiet on election day than any police force—these words, "SHUT TO-DAY"—we hope to see this day on the outer side of each and every Saloon and Bar Room in this city.

Messrs. Best & Co., at certainly a great pecuniary loss to themselves, were the first to lead off, voluntarily, in the closing of their Beer Halls on election day, and keeping them shut until after the polls were closed. It had much to do with establishing for Milwaukee an enviable reputation for peace and quietness on election day. All will agree that it was the *best* plan ever yet adopted to preserve order. While riot, *strife*, bloodshed and murder have disgraced many neighboring cities upon their election days, the election days of Milwaukee, with but very rare exceptions, have passed like her Firemen's reviews, or her great fires, free from riot, strife or even discord. Let *to-day* be another proof of the prevailing good order and peaceful character of our city, and let the Saloons and Beer Halls be SHUT TO-DAY.

Order at the Polls.

There will be a strong Police Force stationed at each of the "Polls" during this day; and while we trust and hope that the Police may have no other employment than that of merely looking on at the election, we also hope they will not shirk from doing their duty, but preserve order *at all hazards*. We hope the first man who attempts a breach of the peace may be promptly arrested, no matter what his politics; and further, we trust that any and every citizen, when called upon to assist the Police, will at once do so. The Police should be firmly supported in the execution of their duty; peace and order should be maintained, that every one may vote as he thinks proper, unmolested. The way to and from the Polls should be kept clear. With firmness, all will be quiet, and we shall be able with pleasure to record another to the many peaceable election days in Milwaukee.

Meeting of the Board of Trade.

A meeting of the Board of Trade is to be held at the rooms in the Newhall House, this evening at 7 o'clock, when business of importance to the interests of the city will be brought before the Board for consideration, and it is desirable that as full an attendance as possible may be had.

We trust that every member will make his arrangements to be present.

MILWAUKEE LIGHT GUARD.—The final steps for organizing the Milwaukee Light Guard, as a Battalion, were adopted a few days since, and the election for Field and Staff officers, was held last evening, with the following result:

Paymaster—F. B. MILES.

An Improvement in Steam Engines.

On Saturday afternoon we stepped into the Eagle Steam Foundry of Messrs. TORTOX & SHOCKEN, on West Water Street, to witness the operations of a new oscillating Steam Engine, manufactured by them, under the supervision of their foreman, Mr. COLMAN, who has made a great improvement on the oscillating Engine, which, however, is much more easily understood than explained; and we would advise mechanics, and those who may be about to purchase an Engine to step into the above place and take a view of this beautiful and simple piece of machinery, as it will be in operation in their machine shop for about a week. This is the first Engine of the kind ever manufactured in this State, and, we think, for economy, simplicity and utility, it is superior to anything of the kind that we have ever seen.

This Engine was driving the whole machinery of the Foundry and Machine Shop, which is one of the largest in the city, and requires from fourteen to twenty horse power, and the whole space occupied by the engine and boiler is but eighteen square feet! This kind of Engine is peculiarly adapted to pile driving machines, dredges &c., as the action can be reversed almost instantaneously. But we have not yet mentioned one of its most important features—that is its cheapness. Although capable of doing as much or more than any other kind of Engine, with less repairing, its cost is less than one *half the usual price!*

HARPER'S STORY BOOKS—No. 28—CARL AND JOCKO.
HARPER'S STORY BOOKS—No. 29—LAZYTOWN.

We have from H. KNIGHTLY, successor to ARCH'D WILSON, the March and April numbers of this series of story books for boys and girls, which the Harpers have been publishing for more than two years. They are prepared with great care—the stories are told in simple language, and they are beautifully illustrated, giving the children not only much useful knowledge, but arousing and fostering a love for the beautiful.

CONGREGATIONAL HYMN AND TUNE BOOK; Published for the Connecticut Association by DURRIE & PECK, New Haven; Mason Brothers, N. Y.

KNIGHTLY, has also received a supply of this new book, prepared with great care to meet the growing desire to bring about such a change in churches as will unite the whole congregation in singing instead of—as it was expressed by a pastor of this city some years since—"praising God by committee." The book contains a large collection of tunes adapted for congregational singing, with several hymns printed upon the same page with the music, and is of a convenient size for use. The doxology appropriate for use with the hymn is printed between the lines of the music, so as to avoid the necessity of turning over leaves to find it.

REAL ESTATE OFFICE.—Mr. CHAS. CLARK, who has been our neighbor in the same building for some time past, has removed his office to commodious quarters on Michigan St., in the basement of the Newhall House, where he is ready to wait upon persons who wish to buy or sell real estate. His list appears in our advertising columns to-day.

For the Sentinel.

A "Wall Street" Already

Messrs. Editors:—The "old resident" who has five different articles about Michigan Street, in the *Sentinel* of Monday, April 6th, is not posted.

He had better take up the map of our city and become familiar with it, and he will find the name of *Wall Street* (named after me) in that beautiful and thriving part of our city, Plankinton's Addition. I myself object very much to changing the name of Michigan Street to Wall Street; for if it was done, the Wall Street of Plankinton's Addition would have to be changed, as it will not answer to have two Wall Streets in Milwaukee, and my preference is for Plankinton's Addition. I hope, therefore, that "old Resident" will not feel uneasy, for I love old names.

CALEB WALL.

MILWAUKEE, April 6th, 1857.

☞ By reference to our advertising columns it will be seen that Messrs OGDEN & WALL hold their first auction sale to-morrow morning, at their office on Michigan street.

Public sales of real estate have, for some years past, been viewed with much favor in Chicago, New York and other cities; and where the public feel confidence in the fairness of the bidding, they are well calculated to meet the views of both sellers and buyers.

The mode adopted by Messrs. O. & W. of platting the lots at a price which the owner is willing to take, and their assurances that they will countenance no by-bidding, serve to furnish a guarantee that property offered by them will be sold without resorts to the highest bidder. If this course is persevered in, we have little doubt that these public sales will become favorite resorts of those desiring to purchase.

☞ We are requested to state, for the information of those who may desire to be present at the Harmonial Festival, at Young's Hall, on Wednesday evening of this week, that Mr. S. J. FINNEY and other gentlemen from abroad will be present, and that short addresses on a variety of topics may be expected.

TAKE HEED.—At the Massasoit House, Chicago, may be obtained until May, Old Dr. James' wonderful and celebrated extract of Gar nish's Indica. His sonlaw Dr. THOMAS TILTON will supply you with either personally, or by Express. He is sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats. We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps (12 cents) a receipt will be sent in return, free of charge, to any part of the Union. Dr. TILTON,

CLEANING HOUSE.—Now is this manin in full tide of success. When you find that box of Herrick's Sugar Coated Pills cherish it with a mother's love. Recollect the sickness which comes in the still hours of night frequently, two pills at such a time are worth a gold mine. If you have them not, delay no longer. Family boxes 25 cents.

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., has successfully succeeded in overcoming, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. PIERCE & CO. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be at right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted last in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

W. T. JENNINGS & CO.,

Dealers in

FINE CLOTHING,

231 BROADWAY,

Second door above the Astor House, NEW YORK,

WOULD SUGGEST to the trade, that they will be prepared to supply dealers with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting persons from that fact, is well known, and has been very generally realized. A careful, strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb8d3mVO&CO
